Dear Parents

About Mathletics...

It is the world's most used Maths website. Over 10 000 schools and 3.5million students worldwide are currently using this exciting program. Mathletics engages students in their learning and provides practice not only in their Maths but reading and ICT skills as well. Teachers are able to set students a variety of Maths tasks and monitor their progress. Students have 24 hours/7days a week access and parents are able to view their child's progress.

To find out more please visit the website www.mathletics.com.au

Feedback from our students, teachers and parents has been overwhelmingly positive. Samford SS has decided to participate in the Mathletics program as a whole school. The cost of this has been factored into and included in the Student Resource Scheme .

If you would like further information please contact your child's teacher or one of our deputy principals.

.....

Permission Slip

I give/don't give permission for my child _____ in _____
to participate in the online Mathletics Program. I understand there is a nominal yearly fee that
will be included in the annual Resource Scheme payment.

I am aware that the Mathletics Privacy Statement has been developed in accordance with the Australian Privacy Act 1988 (Cth).
