

The program used at Samford State School is Godspace, a program used to engage children in a relationship with God and His word. For more information on this program and to view sample lessons please visit the following website <http://www.godspace.org.au/curriculum.html>

If you would like to view the student work booklets a copy of these is kept in the school office.

<http://www.bahai.org/>

This website contains all the Baha'i writings from the Founders of the Baha'i Faith . Some children's prayers can be found on this website.

<http://www.perth.wa.bahai.org.au/>

The information on this website was put together by the Baha'is of Perth for teaching children at state schools and is called The Peace Pack. All our songs and prayers are from this source.

<https://www.virtuesproject.com/>

This website was put together by Linda and Dan Popov in Canada and is known worldwide for empowering/nurturing/ and teaching moral values to adults and children.

The language of virtues is used throughout the Baha'i classes. Virtues are the essence of who we are and they are described in the world's sacred traditions as the qualities of the Divine and attributes of the human spirit. They are the content of Baha'i teaching to remind children about their God given Nobility and nurture them to find these divine virtues in themselves by practising them all the time.

Resources will be available for viewing at the school office shortly.
